June 20-Aug 8 (*no class July 4*)

Class Description

Based in fundamentals, this series is designed for newcomers/returners to Iyengar Yoga. A set of Yoga Asanas are taught within the context of yoga philosophy, with adaptations for individual situations. Classes taught at the Center are based on the work of B.K.S. Iyengar and family. Those teachings have come down through the ages from the great sage Patanjali. At this level, the asanas (postures) help strengthen the body, steady the nerves, and increase awareness.

Health Protocols

Participants will provide documentation of Bivalent covid-vaccination (current CDC recommendation). Air filtration and circulation, plus physical distance, will be maintained. Proper masking may be required, masks provided if needed. Attend only when symptom-free.
